~Let's Experience Brazil~

Why not experience Brazil, right here in Kagawa?

When: July 24 (Sun.), 12:00pm~3:00pm

Where: I-Pal Kagawa, mezzanine Exchange Lounge

## Maracatu group "TAMBOR ALEGRE"

With representative rhythms from the state of *Pernambuco* in northeastern Brazil. *Maracatu* is a type of music using some percussion instruments including *alfaia* drums made from wood and leather. The group members include four elementary school students, two JHS students, one SHS student and five adults for a total of 12 members. The group leader learned the rhythms in Brazil and is teaching them here in Kagawa.

## Capoeira "GAVIÕES DO MORRO"

With 30 years of experience, Mestre(Master) Moleza who leads the Japanese Capoeira Association will bring an acrobatic show with the GAVIÕES DO MORRO Japanese branch.

Is it martial arts? Is it dance? A sport? All with music! This is Capoeira. It is said that when Africans were transported to Brazil as slaves, they would train but disguise it as dancing to fool the guards. You'll be surprised by the skill of their legs!

There will also be performances by cute kids as well.

## Bossa Nova "FERIADO"

This group consists of Natsuki Yamamoto (from Kagawa) on guitar and vocals and Kanji Oyama (from Okayama) on piano.

In Portuguese, "feriado" means holiday. During last years' Setouchi International Art Festival, at Sunport as well, they made sounds reminiscent of a Brazilian summer holiday. The sound of her voice will take you to white sands...
